

European 350Z Days 2010

3 - 4 - 5 APRIL 2010

EUROPEAN 350Z DAYS 2010

Dear 350Z fans,

As member of "notre350z.com" I would like to introduce herewith the French 350Z forum to you :

Stéphane RUAUD has created this forum in 2004. After buying a 350Z he realized that there was no French forum dedicated to his lovely car.

He started with a beta version with 32 members.

Stéphane RUAUD
www.notre350z.com

We are now a forum with 2 600 members, of which 500 members can be said to be very active.

Not only do we devote a great deal of affection to 350z, but we are above all a group of true and dedicated friends.

On top of this, we are the proud owners of Nissan 350Z and recently 370Z/GT-R.

Our events are normally very crowded and the prevailing disposition is always the best. Everything is organized and put into work internally and the suggestions and assistance of members residing in the places to be visited are always taken into account.

All matters related to booking hotel and restaurants, visiting worthwhile places and organizing road-books are invariably made by members tied to the organization itself.

EUROPEAN 350Z DAYS 2010

Even considering what the absolute lack of budget and sponsoring means, we were able to come forward with a complete 3 day planning.

Thus, we will prepare three 1 day event, which will leave a choice to anyone interested.

Hotel	40 €/60 € for 1 person; 50 €/70 € for 2 people each night with breakfast.
Restaurant	20 €/30 € each meal per person
Advertisement	35 € each for treasure hunt in Strasbourg + 8 € each cruising on Rhine
Operating expenses	25/45 € per person

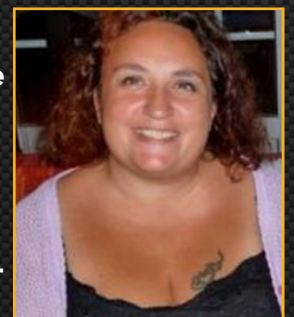

This is a high budget which can be optimise with sponsors participations.

Everything considered, I am therefore in a position to address to you the official invitation, so that all "riders" and "drivers", if interested in visiting France, may have a justified hope of spending a happy Z time.

On our part, we pledge to you our best welcome with the joy and the traditional hospitality of the French people.

Please send back your Registration Form before 15th of November.

All detailed information, access and address will be given to you after that.

Angélique AUCLAIR

DAY 1 APRIL 3RD THE WINES ROAD

ones, through pretty villages with narrow streets of half-timbered houses and flower-decked balconies, clustered around the church steeple.

Traditional inns and cool, inviting wine cellars pay tribute to the importance of wine locally. A few steps from the Wine Route, signposted vineyard paths invite the visitor to discover the work of the wine-grower and the diversity of the grape varieties.

Rolling vineyards, dotted with flower-decked villages, the Alsace Wine Route winds its way from north to south for 170 kilometers, below the wooded foothills of the Alsace.

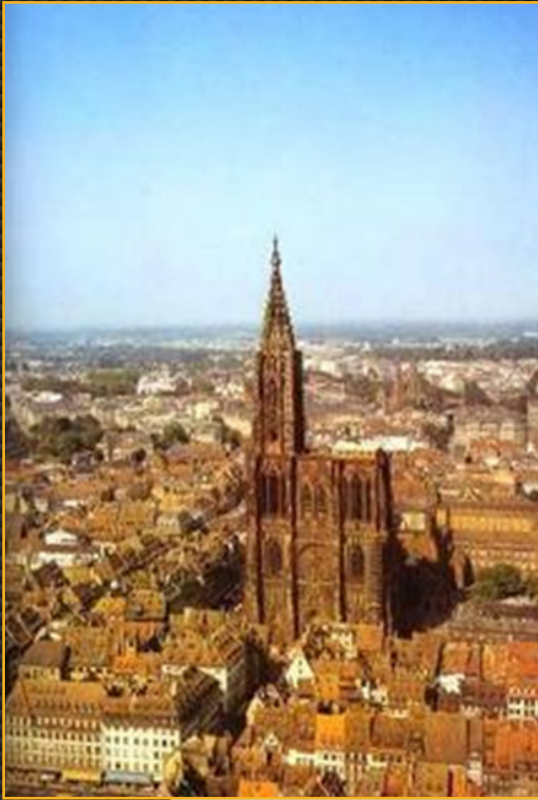

This delightful route runs across undulating hillsides, occasionally quite steep

Example it's not the final roadbook

DAY 2 APRIL 4TH VISIT OF STRASBOURG

In the morning, a treasure hunt through the centuries in Old Strasbourg.

Intellectual and economic capital of Alsace, town of art built around its cathedral in the shade of which the half-timbered houses of Small France are set up.

Today, seat of the Council of Europe and the European Parliament, the city can be proud to have been formerly the cradle of the printing works of Gutenberg.

You will also find the place there where was sung for the first time «battle song for the Army of Rhine» who will become «La Marseillaise».

In the afternoon, boat trip on the river Rhine in Strasbourg.

DAY 3

APRIL 5TH SHOW AND SHINE

Best Of 350Z - 280HP

Best Of 350Z - 300HP

Best Of 350Z - 313HP

Best Of 370Z

¼ Mile

Top Engine

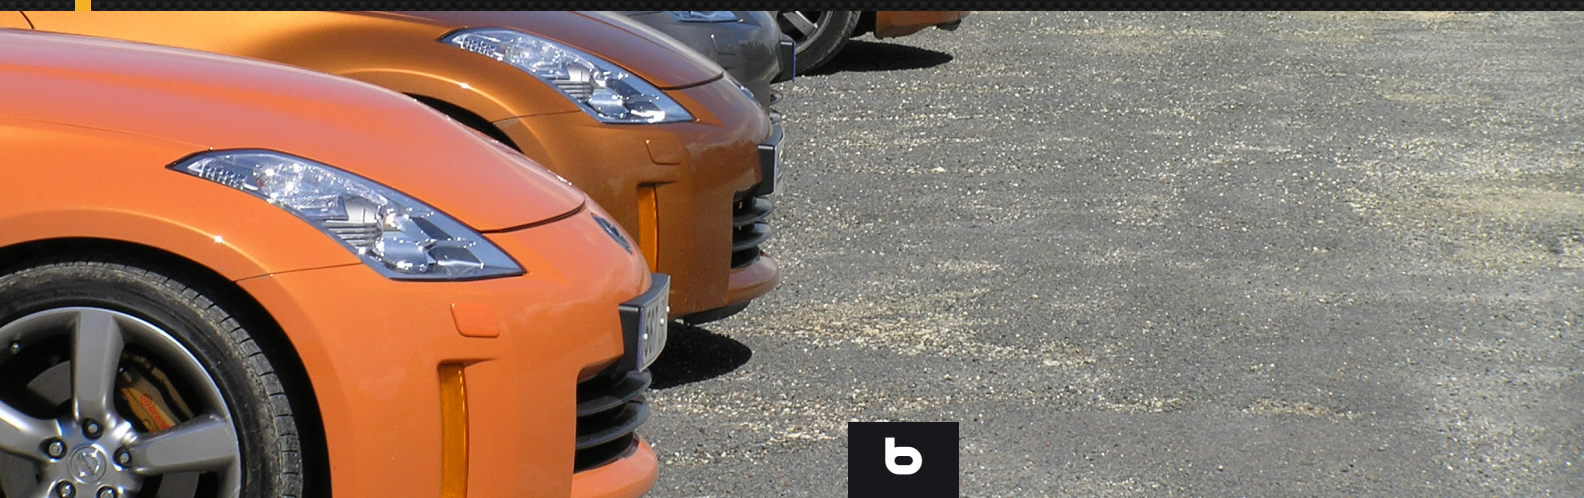

Longest arrival
